

Introduction to PeopleSoft Campus Solutions Release 9.0

Course (1 Day)

This one-day class is recommended for users new to PeopleSoft. It covers both fundamental PeopleSoft concepts as well as those unique to Campus Solutions. This course will cover PeopleSoft terminology and navigational structure. Participants will learn how to find components and personalize content for themselves. They will also learn how information is stored in the database and various methods of retrieving data. The critical concept of effective dated tables for both setup and transaction data will be discussed. A high level review of Academic Structure as well as an introduction to SetIDs and TableSet sharing are included. The Instructor will demonstrate tasks that can be performed using the student self-service pages. The participants will learn how to run processes and reports, and access help through online PeopleBooks. Service Indicators, which are holds or enhanced services that can be attached to students or organizations, will be discussed. Participants will also identify processes where Population Selection can be used.

-
- PeopleSoft Terminology and Navigational Structure

 - Control vs. Transaction Tables
 - Effective Dating
 - Translate Tables
 - Viewing and Modifying Data
 - Running Processes and Reports
 - Academic Structure - An Overview
 - An Introduction to Service Indicators
 - Population Selection

Excerpts from Student Evaluations

The instructor was the best instructor I have ever had. Thank you for a great class!

The documentation is fantastic!

Excellent!! Loved those cheat sheets.

Excellent course. It was definitely more meaningful to work with our own system and data.

Excellent learning experience (the best among all PeopleTools classes that I have taken)!

The training material was extremely helpful. It was easy to follow and was a great tool in the learning process. I can see using it on a regular basis until I feel confident that I fully understand the process.

You have been doing a wonderful job with these courses. Thank you for your knowledge, patience & flexibility.

He is an excellent teacher, very knowledgeable about the course and material. He even keeps the class interested in the subject.

Very responsive to questions; good, relaxed teaching style.

The book is awesome – the class was very valuable! Thanks.

Very good class...materials are well prepared and class is very organized and planned out.

Very effective instructing style. Made class fun and interesting.

Great presentation style. Responsive to student questions. Thanks.

Good class. Very helpful and effective. This is one of the best instructors that I had.

Excellent teacher and well-organized class. I really enjoyed the class and look forward to the next class.

Course was great, reinforced things I kind of know but was not sure about. Speed of course was good.
